Pupil C – Piece A: a persuasive leaflet

Context: as part of their topic on natural disasters, pupils were asked to design a survival suit and write a persuasive leaflet encouraging people to buy one. This piece is transcribed on the next page.

Attention everyone! Are you tired of always being in danger? Are you sick of always mourning lost love ones? Well don't be scared, be prepared with **StoP@**, the all inclusive natural disaster protection suit. We will save lives across the globe for only a small price. Landslide? Too easy! Hurricane? Soled! Tsunami? You betcha! Every natural disaster you can think of will be no match for our **StoP@**.

Now lets get talking, what can **StoP@** do? Well, **StoP@** has a wide range of features to keep you safe & sound. **StoP@** is built with special shock absorption, grip boots. These boots will keep your feet nice and warm and make sure your toes don't over-heat! The soles of the boots are made of plastic veegan leather so you can run away at top speed! This suit has an incredible feature, perfect for nervous summer. Worried about getting off a biplan plane? Not to worry! **StoP@** has veegan sails built in for the arms and legs. **StoP@** is built in with

Oh our tubs and a water tube so you don't have to worry about air in a tsunami. Are you worried this is all to heavy for the run? Not to worry! Everything on this Suit is light-weight and veegan, plus this Suit comes with a lightweight, compact electric bike. Worried the bike will run out of juice? Don't worry! This Suit is built with a changing point. We also have a special customisable Suit for Robs, which additionally comes with a gadget bag for stressed Robs and a phone for distant children, with age friendly apps.

One today. Don't risk Summer!

Key stage 2

Pupil C – Piece A: a persuasive leaflet - transcription

Super Sutie

Attention everyone! Are you tired of always being in danger? Are you sick of always mourning lost love ones? Well don't be scared, be prepared with Sutie, the all inclusive natural disaster protection suit. We will save lives across the globe for only a small price. Landslide? Too easy! Hurricane? Sorted! Tsunami? You betcha! Every natural disaster you can think of will be no match for our Super Sutie.

Now let's get talking, what can Sutie do? Well Sutie has a wide range of features to keep you safe & sound. Sutie is built with special shock absorption, grip boots. These boots will keep your feet nice and warm and make sure your toes don't over-heat! The soles of the boots are made of elasticated veagen leather so you can run away at top speed! This Suit has an inflatable feature, perfect for non-swimmers. Worried about falling off a broken plane? Not to worry! Sutie has veagan sails built in for the arms and legs. Sutie is built in with air tubs and a water tube so you don't have to worry about air in a tsunami. Are you worried this is all too heavy for the run? Not to worry! Everything on this suit is light-weight and veagan, plus this suit comes with a lightweight, compactable electric bike. Worried the bike will run out of juice? Don't worry! This suit is built with a charging point. We also make a special customisable suit for kids, which additionally comes with a fidget toy for stressed kids and a phone to distract children, with age friendly apps.

Lux (age 12) says:

I loved the addition of the fidget toy. It really helped me calm down.

Alice (age 42) quoted:

This suit is brilliant at keeping me and my family safe.

Ben (age 5) says:

The inflatable thing helped me in the big waves cause I can't swim.
