

Unit 1: Lesson 7

Name _____

Guided Learning Task 1 (Fill in the blanks)

a) What number is here? (write it in the place value chart below the counters)

b) What number is 100 more?

3,951,304

c) What number is 1,000 less?

3,950,204

d) What number is 100,000 more?

4,051,204

e) What number is here?

f) What number is 1 more?

1,502,750

g) What number is 10,000 less?

1,492,749

h) What number is 1,000,000 less?

502,749

millions	thousands			ones		
units of millions	hundreds of thousands	tens of thousands	units of thousands	hundreds	tens	units
3	9	5	1	2	0	4

millions	thousands			ones		
units of millions	hundreds of thousands	tens of thousands	units of thousands	hundreds	tens	units
1	5	0	2	7	4	9

Guided Learning Task 2 (Fill in the blanks)

i) What number is here? (write it in the place value chart below the counters)

j) What number is 0.01 more?

12.079

k) What number is $\frac{1}{1000}$ less?

12.068

l) What number is one tenth less?

11.969

hundreds	tens	ones	tenths	hundredths	thousandths
	1	2	0	6	9

Independent Learning Tasks

Use this as the starting number for questions m to p.

millions	thousands			ones		
units of millions	hundreds of thousands	tens of thousands	units of thousands	hundreds	tens	units
4	7	0	2	9	3	2

m) What number is 1,000,000 less?

3,702,932

n) What number is 1,000 more?

4,703,932

o) What number is 100 more?

4,703,032

p) What number is 10,000 less?

4,692,932

Use this as the starting number for questions q to t.

hundreds	tens	ones	tenths	hundredths	thousandths
2	8	0	0	8	9

q) What number is 10 less?

270.089

r) What number is $\frac{1}{100}$ more?

280.099

s) What number is 0.001 more?

280.090

t) What number is one tenth less?

279.989

u) 1,664,500 is 10,000 more than 1,654,500

v) 14.769 is 0.001 less than 14.770

w) Complete the table.

	+100 →		
- 0.001 ↓	892.331	992.331	1,092.331
	892.330	992.330	1,092.330
	892.329	992.329	1,092.329
